

GOKHALE MEMORIAL GIRLS' COLLEGE
**ACTIVITY REPORT OF INTERDISCIPLINARY LECTURE SERIES ON
"SAMPLING TECHNIQUES"**

An Interdisciplinary lecture series on "Sampling Techniques" was organised by Department of Clinical Nutrition & Dietetics on 3rd June, 2024 from 1.00 pm – 3.00 pm & 4th June, 2024 from 2.00 p.m. -3.00 p.m. in Room LT4, Science Building. The lectures were conducted by Sm. Arpita Bose, Faculty (SACT-II), Economics Department, Gokhale Memorial Girls' College. The lecture series were attended by students from all three semesters (II, IV, VI) of the CNDV department. 25 students attended on 3rd June while attendance dropped to 5 on 4th June due to vote results.

The lecture series covered the theoretical foundations and practical applications of sampling in research. Both, Probability & Non-Probability sampling techniques were described by the resource person with practical examples. Students found the lecture to be knowledgeable and interesting.
