About the Online Seminar: "Since wars begin in the minds of men, it is in the minds of men that the defences of peace must be constructed" and "The destiny of India is now being shaped in her classrooms". So, to live a happy and peaceful life in a peaceful society, the importance of 'classroom' is unquestionable. Today's students will determine the future of the country. Strong, quality education is necessary to achieve national as well as Sustainable development goals. As students are in the 'centre' of the education system, their thoughts must get a voice. The present webinar is that platform from where the UG and PG students of India can raise their voice in a scientific way. The present online seminar also aims to create a base and motivate the present UG and PG students towards research.

No Registration Fees.
