Dear Sir,

Greetings from TCS BFS Academic Interface program (AIP). Further to our discussions in regards to the Campus to Corporate Initiative, we are pleased to share the details proposed with you as below.

The vision of AIP is contributing to overall development of the student community, helping them become better employable in the industry by channelizing practical industry knowledge in the classroom has gained a great admiration and reverence from academia, students and various state bodies across locations in the country.

Taking this objective forward,

TCS BFS AIP has evolved a wonderful curriculum "Campus to Corporate" (C2C) , targeting to groom up the livelihood of 40,000 young students across locations in India.

This C2C course is a 70 hours program that comprises of English communication, corporate etiquettes and grooming, interview preparation and handling etc. that enables students to college to get well prepared for their transition to corporate life. This is a highly beneficial course for a nation cause.

We invite colleges to take advantage of this opportunity from TCS to conduct this program that can add value to the students and in turn improve their placements and branding of the college.

How does this work:

This course is intended to be administered to students of the 3rd year.

Stage 1: Colleges to identify faculty (2 to 3) who can conduct this training. These faculties will then undergo an Faculty Development Program (FDP) for 5 days for 7 hours each, conducted by TCS trainers. TCS will choose one of the colleges as venue or in some cases provide TCS facility for the FDP and all other colleges would be required to send in their respective nominated participants to the venue.

Stage 2: Colleges to enroll students from the 3rd year to this course.

Stage 3: These trained college faculties will then train students in their respective colleges and the TCS will support the delivery of the course till the end of the course and certification.

Stage 4: The students who have undergone training for 70 hours will be considered as priority for TCS Campus recruitment process.

Faculty Nominations and student certification:

1. Colleges to nominate faculties for the project. TCS will do a preliminary screening of the nominations and may come up with suggestion on the nominations.
2. The faculties should have to a good command over English language, communication, and facilitative.
3. College to provide certification to students from their end with an approval from TCS, certificate must will be issued by TCS.

Support from TCS:
