Minutes of IQAC meeting held on 18.12.2018 in the Principal's Room

The meeting convened on 18.12.2018 was the first one after the reconstitution of the IQAC, with the following agenda.

- Agenda – 1.** Welcoming the members of the newly constituted IQAC.  
2. Pursuance with the RUSA Office for obtaining funds under RUSA 2.0.  
3. Submission of the pending AQARs.  
4. The new CBCS system and Internal Quality Maintenance

**Proceedings:**

- The Principal and Chairperson of IQAC Dr. Atashi Karpha extended a warm welcome to the internal members of the newly constituted IQAC and expressed hope that the Cell would in the months and years to follow make its best effort to uphold the vision and mission of this esteemed 80-year institution.
- Dr. Karpha pointed out the College had previously applied for funds under RUSA 1.0 but did not receive any grant. She informed the members that RUSA, Govt. of West Bengal had asked the College to submit the DPR again to obtain funds under RUSA 2.0 and that the College was now to be guided by the implementation rules of RUSA 2.0. Following this, the College had submitted the DPR for Rs. 2 Crores and covering the estimate of expenses in the categories of new construction, renovation, upgrade and procurement. Dr. Karpha further spoke at length about the items that had been included under the category of procurement - new computers and computer peripherals, lab apparatus and equipment, books and e-resources, lab working-tables and printing machines for the library. She also mentioned that the West Bengal Small Industries Development Corporation (WBSIDC) had been approached and estimates obtained for items included in the category of renovation, such as renovation of student and staff washrooms, new wall-mounted cabinets, green glass boards in classrooms, computer peripherals and such others. As for new construction, Dr. Karpha expressed concern about the paucity of land in possession. She informed the members that the College had already made an appeal to the Govt. of West Bengal and HIDCO had made a recommendation of land for Second Campus. However, Dr. Karpha maintained that the college would be able to avail this opportunity only if that land was offered at a concessional rate. She opined that the immediate need was to continue pursuing the matter of grants under RUSA 2.0.

- Members discussed the issue of the AQARs of 2016-17 and 2017-18 that were necessary to be submitted and the IQAC coordinator Dr. Sanchita Sen suggested that work be started immediately to this effect. Data already collected for filling in AQAR 2016-17 would be checked again and additional data if any collected at the earliest. Dr. Sen also pointed out that HEIs would henceforth have to submit their AQARs online as per the revised AQAR submission rules of NAAC.
- Dr. Karpha stressed that, with the introduction of the new CBCS system from July 2018, the entire quotient of the teaching-learning process would change and would require modified academic and infrastructure facilities conducive to effective and efficient dissemination of the CBCS course curriculum. She also mentioned that the college class routine including both the existing classes under the 1+1+1 Course system and the CBCS semester system had been successfully introduced. The examination system would undergo significant change but efforts for maintaining academic quality would continue for both systems with formative evaluation methods, parent-teacher interface etc. already in place. Dr. Karpha expressed her faith in the ability of the teachers to maintain the academic and value standards of the College. In the same note it was resolved that College would continue as Local Chapter and facilitate enrolment in Swayam-NPTEL courses.

Single Agenda – To discuss the possibility of collaborating with Malda College to organize an online national workshop on of ICT tools and techniques for the benefit of Faculty and Administrative staff

Proceedings –

- At the outset, Chairperson Dr. Karpha pointed out the necessity of using digital tools in teaching-learning and administrative work and particularly because of the lock down of allofflinesystems due to the Covid-19 pandemic. She opined that it would be appropriate for a premier institution as Gokhale Memorial Girls' College to take the initial step by organizing a national workshop for disseminating the knowledge of the use of ICT tools not only to the Staff of the College but also to teachers and administrative staff of institutions across the country. She also suggested that the College collaborate with another institution to organize such a workshop.
- Members of IQAC resolved to accept the proposal of Chairperson IQAC to collaborate with Malda College regarding the ICT workshop.
- It was decided that the workshop would be held for three consecutive days covering all aspects of Google tools and video capturing and video editing with OBS, website development and such others.
- The dates would be decided in consultation with Dr. Manas Baidya, Principal, Malda College
- The tentative title of the workshop would be – "How to use ICT in Teaching, Learning and Administrative Work in Higher Education System"
- Dr. Karpha requested the members to go through the program plan tentatively prepared and forwarded to her by Malda College and put in the suggestions regarding how to conduct the event.
- It was decided that since this would be a training program, the trainers would demonstrate online and participant would practice simultaneously. Thus they would get a hands on training and this would require every participant to keep a proper device in hand, laptop or an android phone.
- A program flyer would be prepared for circulation.
- The College web developer Braindrops would be asked to give the online logistic support before and after the event, make arrangements for online registration and payment, host and monitor the online meet, provide feedback forms and keep the record of participation for providing e-certificates.
- A feedback form would be provided for each day and participation certificates would be provided on submission of feedback for each day.

**Single Agenda-** Discussion on preparedness of the IQAC for the Three-Day ICT workshop organized in collaboration with Malda College

*Proceedings*

- Members went through the instructions forwarded to participants regarding what to do and what not to do for successful completion of the workshop.
- The IQAC members' individual assignments during the ongoing workshop was finalized. It was decided that, members would remain alert and keep track of the digital proceedings alongside the facilitator host Web developer Brindrops for smooth conduct of the three-day workshop.
- The necessity of tools such as video capturing and editing was confirmed. This digital tool was to be discussed by the collaborator college on the 3<sup>rd</sup> day and it was decided that IQAC would request the participants to download the OBS Studio app well beforehand in their devices, preferably laptops.
- Since the workshop would involve hands-on training, it was resolved that participants' queries would be carefully monitored not only to facilitate uninterrupted training sessions but also participant satisfaction.
- Feedback forms would be essential for assessing the level of success of the workshop. Since each day new digital tools would be discussed, IQAC decided to have separate feedback for each day from the participants who attended that day's session.
- The fields to be included the feedback forms were finalized.
- E-certificate design discussed.

Agenda 1: Confirmation of minutes of meeting dated 21.07.2020

Agenda 2: Departmental class related discussion

Agenda 3: Uploading of AQAR 2018-19 document

Agenda 4: Miscellaneous other discussions

Proceedings

Agenda 1

- Discussion continued on smooth delivery of the curriculum by the faculty for ensuring maximum possible benefit to the students confined to online learning in the Covid-19 pandemic lockdown and maintain the academic standard of the college. Members admitted that Student attendance and response in online classes were not as good as in offline classes and it was necessary to ascertain how much they were being able to assimilate in online classes.
- Members admitted that there were internet connectivity issues which caused problems for the students. Members opined that if internet data is provided free of charge by the college to the students, then online classes can be conducted smoothly.
- For formative evaluation, coordinator suggested that weekly assessment tutorials be introduced. Some members suggested monthly assessments, viva voce, written tests etc. to assess students' progress and to decide what further was required to be done for the students' academic benefit.

Agenda 2

- Compilation of data for uploading of AQAR 2018-19 was discussed. Coordinator informed that data compilation up to Criterion III was completed.
- Checking of financial data was still incomplete and this would be done with the help of the office personnel.
- Coordinator informed that it was necessary that the College Academic Calendar be uploaded in the college website duly signed by the Principal. The departments would be asked to maintain and update their departmental academic calendars and send a soft copy to the college mail for college records.

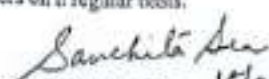

Agenda 3

Miscellaneous issues relating particularly to quality maintenance and improvement were discussed and suggestions given.

- Provision of more student-friendly infrastructure
- Provision of incentives in the form of freeship and scholarships. Free ship was already being provided. It was decided that students would be informed about the various state and national scholarships available through workshop and lectures by competent authority.
- More online Club activities to be encouraged to infuse students locked up at home in pandemic times and engage them in fruitful and refreshing activities. It would encourage students to showcase their talents. Such activities would be conducted within the college once the pandemic time was over.
- The medicine shop owners Roy & Sen would be approached as was done earlier to draw up an understanding regarding provision of medicines to staff and students at concessional rates.
- A doctor-on-call to be brought in to look into the health matters on a regular basis.

Agenda 1: Confirmation of minutes of online meeting held on 18.08.2020

Agenda 2: Discussion on completion of compilation of the AQAR 2017-18

Agenda 3: Quality Initiatives to be taken in view of the continuing lockdown situation

Proceedings

Agenda 1- Minutes of online meetings held on 18.06.2020, 28.06.2020, 01.07.2020 were confirmed

Agenda 2

IQAC Coordinator informed all members that compilation of AQAR 2017-18 was almost complete except for some metrics of Criterion 7 which would need further discussion. She informed all that the AQAR mentioned had already been communicated to the members and they would need to look into the existing gaps that are still there. Thereafter the said AQAR would be forwarded to the chairperson for placing in a statutory body. Coordinator pointed out that there were gaps in the available information which members would need to discuss with the Chairperson. Metrics such as on e-governance, decentralization etc. would be required to be discussed in the AQAR as per the conduct of administration in the institution. Moreover, among many best practices, the two most important needed to be identified and posted with details in the College Website. The metric on future plans of the institution was to be filled in, keeping in mind the necessity of undertaking new quality initiatives for advancement of the institution.

The chairperson said that she had read the AQAR 2017-18 as far as it had been compiled. She inquired about the existing blanks. The Co-ordinator sought the Chairperson's help in providing the necessary information which was provided and the following information was obtained.

- Accounts were managed with Tally software ERP 9.
- Software 21<sup>st</sup> Century GIS was used in Geography
- Data on number of applicants from Office 2 had been obtained to determine the demand ratio.
- CIE in Criterion 1 would include remedial classes, tutorials, Peer tutoring and such others
- Two classrooms were ICT enabled.
- There were no smart class rooms in the college
- Student mentoring had continued to remain informal in 2017-18 but customarily there was guidance and counselling by subject teachers in place.
- There was little scope for introducing innovation systems or incubation center in the institution
- No incentives were given to teachers for academic pursuits by the institution and incentives like career development opportunities were provided by external agencies such as UGC, state government and such others
- Scholarships and other forms student support were facilitated
- Teachers would be again asked to confirm their publications
- College does not have PG course. It had earlier applied to the University of Calcutta for affiliation for PG course in Human Rights. University had conducted an inspection but the affiliation was not provided.
- College had applied to the government for a land grant. The grant was provided but the price was unaffordable and the college could not avail the opportunity.

It was resolved that the rest of the data would be duly obtained and inserted to complete the AQAR 2017-18 compilation at the earliest and placed in the meeting of a statutory body, the Teachers' Council or the Governing Body

#### Agenda 3

IQAC Coordinator informed all that it was necessary to take more quality initiatives particularly during the ongoing pandemic lockdown situation when teaching-learning and extra-curricular activities were adversely affected. Some such initiatives suggested were -

- Continuance of online lectures, webinars, student activities as much as feasible
- Creation of more class room space by using the RUSA 2.0 funds. Chairperson informed all the college was repeatedly approaching the concerned authority for resumption of the PWD construction work which had been stopped in March 2020 because of unforeseen reasons. She expressed hope that work would resume with the intervention of the government authorities.
- MGNCRE SES REC Cell to function alongside the NSS Unit in social engagement and community work. Coordinator informed that such a cell had been already formed with a few teachers.
- Formation of an IT committee/cell.
- To have a dedicated placement cell
- To encourage Alumni participation
- To introduce formal Student Mentoring as soon as possible when the pandemic situation ends.

Agenda 2: Planning for new quality initiatives in the remaining half of academic session 2020-21

Agenda 3: Collection of data for AQAR 2018-19 and compilation

## Proceedings

Agenda 1 - Minutes of meeting dated 10.11.2020 were confirmed.

The following was discussed -

- To undertake Academic and Administrative Audit annually from session 2020-21 onwards
- To improve quality of learning through assessments such as peer-tutoring, peer-assessments, self-assessment.
- To install wi-fi facility for the entire college/campus for use by teachers.
- Full digitalization of data maintained by office through software/App-based system
- Dr. Sourabh Niyogi explained the usefulness of digital tools in lecture preparation. Reviving the ICT enabled rooms of Psychology and Physics department would have to be the initial step.
- To open media center, encourage digital teaching-learning
- To again approach the authorities for installation of water harvesting and solar power systems
- To organize e-content development workshop in college in collaboration with MOOCs or e-Pathshala etc.
- To install Solar Panels on roof top of main building.

## Agenda 2

The AQAR 2018-19 format was discussed and responsibilities of compilation of metrics distributed among the members. It was decided that the departments would be asked to provide the data as early as possible by filling in the metrics already sent to their department mail. Compilation would be initiated as soon as the data was provided by the departments. Compilation of AQAR 2018-19 would take time. Uploading was tentatively fixed for August 2021 in view of the fact that teachers were committed to taking classes online and were not visiting the College frequently.

Criterion I and II would be compiled by Dr. Sanchita Sen and Dr. Ivy De

Criterion III by Dr. Goutam Mahata and Dr. Nabamita Chakraborty

Criterion IV by Dr. Sanchita Sen

Criterion V by Dr. Sourabh Niyogi, Dr. Ivy De and Dr. Ballari Ray Chaudhury

Criterion VI by Dr. Nabamita Chakraborty and Dr. Ballari Ray Chaudhury

Criterion VII by Dr. Sanchita Sen

Minutes of Meeting on 09.08.2021 at 10:30 PM in Principal's Room

Agenda 1: Confirmation of minutes of meeting dated 10.02.2021, 31.03.2021, 01.04/2021, 08/04/2021 and 29/05/2021

Agenda 2: To check AQAR 2018-19 and upload the same on the NAAC portal

Agenda 3: To initiate the process for uploading of AQAR 2019-20

Agenda 4: Some issues of future Planning

Proceedings

Agenda 1 - The filled in AQAR 2018-19 was checked by the members and then uploaded by the Chairperson on the NAAC portal. Coordinator pointed out that it would be opened for edit by the NAAC personnel in two or three days' time and members would need to stay alert.

Agenda 2

- It was discussed that AQAR 2019-20 was required to be uploaded as soon as possible. In this regard, it was decided to circulate the blank format of metrics pertaining to the departments and request them to submit the data within a two-week period. The departments would be asked to follow the same procedure as they did while filling in the formats for the previous AQARs submitted online.

Agenda 2

- There was a discussion on whether it was necessary to continue publishing a hard copy of the College Magazine. Dr. Saurabh Niyogi opined that in pandemic times when everything was being conducted online it would suffice to have a Web Magazine managed by students themselves, creation of student blog would become possible and contributions of external writers could be included too. Other members maintained that screening of articles written by students and proof checking to maintain an evaluative control of matter to be published for public reading would require monitoring by the faculty members and cannot be left to the students' discretion.
- Members maintained that it was necessary to reorganize the College Website. Chairperson agreed to meet the website committee for the purpose.
- Chairperson maintained that the Anti-ragging Cell and the Sexual Harassment Cell which were already constituted would function as the Grievance Redressal Cell too. These committees would meet the students at stipulated dates to look into their problems if any.
- Chairperson maintained that the SC/ST Cell would adequately serve as the Equal Opportunity Cell.
- Chairperson informed all that formation of Information Technology Cell with the teachers as members was necessary for conducting all online teaching-learning, extra-curricular and teachers' career advancement initiatives as well as for maintenance of records. Three of the faculty were recommended namely Sri Sudipto Mondal of English Department, Smt. Priti Rajak of Economics Department and Dr. Newton Biswas of Education Department.
- It was proposed that a workshop on e-content development would be conducted for the benefit of teachers.
- Gender-sensitization would be undertaken for the students. The Alumni Association of the College would be requested to conduct a workshop. The Social Awareness Club of the College would organize invited lectures.
- A Formal Mentoring System would be planned by the IQAC.
- A qualified counsellor would be recruited for conducting formal psychological counselling of students once the pandemic times were over and normal offline mode of activity was restored.

- Chairperson suggested that Nobel Laureate Abhijit Banerjee be contacted for conducting a webinar on contemporary issues.
- The Research Cell would be revived and student participation enhanced.
- The RED Cell of the SES REC under MONCRE would be constituted and MOUs signed with NGOs to involve the students and faculty in community work on a regular basis. It was understood that it was not possible for the women-oriented institution to adopt a far-away village for social engagement. Instead, MOUs would be drawn up with local institutions engaged in community work and adopt local low-income areas such as city slums for social work.
- Classroom facilities would be extended. Wi-fi systems for teaching would be installed in the event that institutions reopened, attendance restricted for maintaining covid protocol and necessity arose for conducting classes in a blended mode from the College itself.
- Discussion was held regarding finding a better venue for sports and introducing newer opportunities for the students when college reopens.

Agenda 2: SACT related discussion

Agenda 3: Conduct of offline classes after college reopens post-pandemic and maintenance of records

Agenda 4: Training for the teaching and non-teaching staff

Proceedings

Agenda 1 - Minutes of meeting dated 16.08.2021 confirmed.

Agenda 2

- Members resolved that the College authority would meet the State Approved College Teachers (Contract) in subsequent Teachers' Council meeting and discuss their responsibilities regarding their college hours and other assignments. Dr. Chakraborty suggested that it would be appropriate for HODS to provide a report on monthly performance as regards the duties assigned to the SACT by the department and the College.

Agenda 3

- Members suggested that the college authority should obtain a feedback on syllabus completion planning from the HOD.
- Hods would be advised to submit a compiled report at the end of the month, of classes allotted and taken by the faculty mentioning the percentage of syllabus completion.
- Offline practical classes would be started for the lab-based subjects from November 2021 onwards. Students would be asked to attend college in groups and group-wise student attendance maintained – an innovative teacher endeavor.
- The college authority would decide in consultation with the teachers how to conduct regular classes in blended mode from November 2021 when the college reopens.
- Chairperson informed all that college would provide personal Gsuite accounts to all teachers for smooth conduct of classes, meetings and evaluations.

Agenda 4

- Simplified software-based training programs would be conducted for office staff. These programs would be kept open for the participation by the non-teaching staff of other colleges too.
- Officials of Vigyan Chetana Bhavan would be visited by the members for conducting IPR workshops for the benefit of the teaching staff.
- E-content development training programs would be conducted for the teachers.
- New Foreign Language certificate courses would be introduced for the students.
- College would try to arrange for Google tools training classes for the non-teaching staff to equip them to perform administrative functions easily.

Meet Link: <https://meet.google.com/vnq-lupk-jcg> All members present.

Single Agenda: Discussion on conduct of Rashtriya Poshan Maah 2021 by the CNDV Department

It was proposed by Smt. Pratyasha Agarwal, SACT, Dept. of CNDV that the Rashtriya Poshan Maah 2021 be observed during the entire month of September by the Department of Clinical Nutrition and Dietetics in collaboration with the IQAC of the College. Several events were suggested by her. However, since the college was still in a lockdown situation all events selected would be conducted online.

The following events were tentatively selected -

- An intra-departmental student competition Webinar with presentations by students of the CNDV department
- Expert Talk on dietary needs of infants by Retd. Prof. Bela Bose, President of NGO Ekatma and on Medicine and Diet by Mr. Aritra Khun, Nutrition Educator
- Inter-college Poster-making Competition on the Topic - Combating Hidden Hunger
- Video Compilation by students on health benefits of Yoga, Kitchen Gardening and Career Prospects of the CND course

Smt. Agarwal said that she would contact all the external experts who would be required to assess the presentations and posters. She also requested the IQAC members to extend their help when required. IQAC members would be present in the online events.

Minutes of IQAC meeting with Academic Audit Committee on 30.11.2021 at 11:45 AM in Room J.T2

Single agenda: Discussion on the conduct of AAA for the College for the session 2019-20

Proceedings

IQAC met with the teacher members of the Internal Academic Audit Committee to discuss the procedure of conducting AAA for session 2019-20. IQAC members discussed the metrics of Academic Audit and pointed out that these metrics would be the same as those applicable for filling in the Annual Quality Assurance Reports (AQARs) submitted by the institution for each academic session. Departments would need to comply. They would need to collect data as required. All supporting documents would be required. But both hard and soft copies of documents would be considered valid. Members of the Audit Committee would need to distribute the responsibility of checking all data of all departments conveniently among themselves as time was a constraint. The metrics were read out. It was decided that departments would prepare their reports tentatively by 14<sup>th</sup> December 2021 and submit the same to the Audit Committee for checking and evaluation.

Members of Audit Committee would complete the review, sign a report for their respective departments and submit to the IQAC. Shortfalls would be mentioned and departments would be made aware.

After all departments were evaluated by the internal auditors, IQAC would prepare a report of the AAA and submit it to the college authority. The report would then be placed before the auditors from the Governing Body.

Minutes of meeting on 03.12.21 at 2:45pm in Principal's Room

Agenda 1: Confirmation of minutes of meeting dated 09.08.2021, 16.08.2021, 31.08.2021, 15.09.2021 and 30.11.2021

Agenda 2: Discussion on the conduct of AAA

Agenda 3: Discussion on mentoring and feed back

Proceedings

Agenda 1 - Minutes of meeting dated 09.08.2021, 16.08.2021, 31.08.2021, 15.09.2021 and 30.11.2021 confirmed.

Agenda 2

- Process of result analysis for inferring on course learning outcomes discussed. Result analysis would be considered for batch of 2019. Score 60 and above would be 1<sup>st</sup> Class Honours and 40 to 59 would be regarded as 2<sup>nd</sup> class Honours. Score 30-35 would qualify as general only.
- For Academic Audit, all student related data on activities, research publications of teachers, Alumni contribution, Staff and Student welfare would be highlighted. It would be mandatory to provide the minutes of departmental meetings. For Administrative Audit information on staff, infrastructure and facilities and student activities were to be highlighted.
- Student facilitation in the period prior to the introduction of formal mentoring would be highlighted.
- It was resolved that Student Feedback Forms meant for the Student Satisfaction Survey must be anonymous. Required changes to be made in the existing frame. Hard copies of the same to be maintained. These feedbacks would be obtained as earlier done from the current last batch of students (admitted in 2019). They would now be Semester V students from whom feedback would be obtained at the end of Semester VI around May 2022. Cross subject feedback metric already included in the original form as student assessment of General subject teachers. Members suggested that a metric on student welfare be included but Chairperson opined that this metric would fetch widely varying responses.

Agenda 3:

- IQAC members agreed that it was necessary to make further study on how to construct a mentoring feedback form to make one easier for the student mentee to respond.
- It was resolved that mentoring be started immediately with the current Odd Sem students of Semester I, III and V. Chairperson suggested that there be at least two sessions of mentoring in one semester. Guidelines of mentorship to be discussed in a Teachers' council meeting with the mention of previous IQAC resolutions regarding introduction of formal mentorship.
- Coordinator proposed that it would be convenient to merge mentorship sessions with tutorial periods.
- Mentorship feedback would be obtained from the current Semester V students in April / May 2022 when the same students would be in Semester VI with prior notification. It was proposed that tentatively one mentoring session for Honours students of Sem I, III and V would be done in December 2022 and 2 mentoring sessions for generic subject students in January 2023.

Single Agenda: Discussion on Mentorship prior to its introduction in a subsequent TC meeting

## Proceedings

- IQAC met to discuss the proposal of mentorship to be put in the upcoming TC meeting with a presentation on how to mentor. A broad outline of the methods of mentoring was drafted out which would include mentoring the students on - Academics, Life skills, Career skills, Social skills, Personality and Extra-curricular activities. Teachers would be informed that the IQAC had discussed the introduction of formal mentorship in previous meetings held both online and in the college. Teachers would be made aware that mentoring could not be formally introduced as the institution was in a lockdown situation and students were not coming to college and in-person mentoring was not possible. But that it had been previously resolved by the IQAC that mentoring would be introduced as soon as the college re-opened (*Ref. Minutes of meeting dated 10.11.2020 and 09.05.2021*). Now that the College had reopened on 16.11.2021, it would be necessary to introduce formal mentoring sessions for all current students of the College. Since students of different semesters would attend on different days in accordance with a blended mode of teaching, all departments would accordingly assign mentees to mentors (full-time teachers) to conduct mentoring sessions for both Honours students as well as the Generic subject students. Honours students would be directly mentored by their Honours subject teachers. Parallely, they would also be mentored by their respective Generic subject teachers. It was clarified that mentoring by generic subject teachers would ensure the working of a cross-mentoring system.
- Teachers would be informed that it was necessary to obtain a mentorship feedback from the students and this should be obtained from the last batch of students in an academic session. There would be two separate mentorship feedbacks - (i) an Honours mentorship feedback to be obtained from the last batch of honours students student at the end of Semester VI before the Sem-end exam begins. (ii) a feedback from Semester IV (even Semester) for Generic subject Mentorship after they had completed two years of mentorship by generic subject teachers.
- Current Semester V students would experience only Honours mentorship. Mentorship activities would then be duly included in the AQAR 2020-21.
- Departments would submit a comprehensive report of all mentoring sessions to the IQAC
- Student facilitation/counselling undertaken in the period prior to the introduction of Formal Mentoring would be highlighted in the AAA of 2019-20 and departments would prepare their own reports to be included in their profiles for the AAA. The same would be done for academic sessions 2015-16 to 2018-19.
- Departments would submit the data for AAA by 14<sup>th</sup> December 2021 to the Academic Audit Committee.

- Departments would select tutorial dates or other convenient dates for mentoring and conduct mentoring with proper notification. They would also send comprehensive reports to the IQAC form academic session 2020-21 onwards.
- Departments would be notified by the Principal to complete 1<sup>st</sup> Odd Sem mentoring for all honours and generic students by 23<sup>rd</sup> December 2021, prepare mentorship reports and send them to IQAC by mail.
- 
- Chairperson of IQAC Dr. Karpha requested the teachers to complete at least one session of mentoring of all Odd Semester students (Honours and Generic) by 23<sup>rd</sup> December 2021.

## Minutes of Meeting on 09.08.2021 at 10:30 PM in Principal's Room

Agenda 1: Confirmation of minutes of meeting dated 10.02.2021, 31.03.2021, 01.04/2021, 08/04/2021 and 29/06/2021

Agenda 2: To check AQAR 2018-19 and upload the same on the NAAC portal

Agenda 3: To initiate the process for uploading of AQAR 2019-20

Agenda 4: Some issues of future Planning

### Proceedings

Agenda 1 – The filled in AQAR 2018-19 was checked by the members and then uploaded by the Chairperson on the NAAC portal. Coordinator pointed out that it would be opened for edit by the NAAC personnel in two or three days' time and members would need to stay alert.

### Agenda 2

- It was discussed that AQAR 2019-20 was required to be uploaded as soon as possible. In this regard, it was decided to circulate the blank format of metrics pertaining to the departments and request them to submit the data within a two-week period. The departments would be asked to follow the same procedure as they did while filling in the formats for the previous AQARs submitted online.

### Agenda 2

- There was a discussion on whether it was necessary to continue publishing a hard copy of the College Magazine. Dr. Saurabh Niyogi opined that in pandemic times when everything was being conducted online it would suffice to have a Web Magazine managed by students themselves, creation of student blog would become possible and contributions of external writers could be included too. Other members maintained that screening of articles written by students and proof checking to maintain an evaluative control of matter to be published for public reading would require monitoring by the faculty members and cannot be left to the students' discretion.
- Members maintained that it was necessary to reorganize the College Website. Chairperson agreed to meet the website committee for the purpose.
- Chairperson maintained that the Anti-ragging Cell and the Sexual Harassment Cell which were already constituted would function as the Grievance Redressal Cell too. These committees would meet the students at stipulated dates to look into their problems if any.
- Chairperson maintained that the SC/ST Cell would adequately serve as the Equal Opportunity Cell.
- Chairperson informed all that formation of Informatics Technology Cell with the teachers as members was necessary for conducting all online teaching-learning, extra-curricular and teachers' career advancement initiatives as well as for maintenance of records. Three of the faculty were recommended namely Sri Sudipto Mondal, English Department, Smt. Priti Rajak, Economics Department and Dr. Newton Biswas, Education Department.
- It was proposed that a workshop on e-content development would be conducted for the benefit of teachers.
- Gender-sensitization would be undertaken for the students. The Alumni Association of the College would be requested to conduct a workshop. The Social Awareness Club of the College would organize invited lectures.
- A Formal Mentoring System would be planned by the IQAC.
- A qualified counsellor would be recruited for conducting formal psychological counselling of students once the pandemic times were over and normal offline mode of activity was restored.
- Chairperson suggested that Nobel Laureate Abhijit Banerjee be contacted for conducting a webinar on contemporary issues.
- The Research Cell would be revived and student participation enhanced.

- The RED Cell of the SES REC under MGNCRE would be constituted and MOUs signed with NGOs to involve the students and faculty in community work on a regular basis. It was understood that it was not possible for the women-oriented institution to adopt a far-away village for social engagement. Instead, MOUs would be drawn up with local institutions engaged in community work and adopt local low-income areas such as city slums for social work.
- Classroom facilities would be extended. Wi-fi systems for teaching would be installed in the event that institutions reopened, attendance restricted for maintaining covid protocol and necessity arose for conducting classes in a blended mode from the College itself.
- Discussion was held regarding finding a better venue for sports and introducing newer opportunities for the students when college reopens.

## Minutes of Meeting on 31.08.2021 at 12:00 Noon in Principal's Room

Agenda 1: Confirmation of minutes of meeting dated 16.08.2021

Agenda 2: SACT related discussion

Agenda 3: Conduct of offline classes after college reopens post-pandemic and maintenance of records

Agenda 4: Training for the teaching and non-teaching staff

### Proceedings

Agenda 1 - Minutes of meeting dated 16.08.2021 confirmed.

#### Agenda 2

- Members resolved that the College authority would meet the State Approved College Teachers (Contract) in subsequent Teachers' Council meeting and discuss their responsibilities regarding their college hours and other assignments. Dr. Chakraborty suggested that it would be appropriate for HODS to provide a report on monthly performance as regards the duties assigned to the SACT by the department and the College.

#### Agenda 3

- Members suggested that the college authority should obtain a feedback on syllabus completion planning from the HOD.
- HODs would be advised to compile a report at the end of the month, of classes allotted and taken by the faculty mentioning the percentage of syllabus completion.
- Offline practical classes would be started for the lab-based subjects from November 2021 onwards. Students would be asked to attend college in groups and group-wise student attendance maintained – an innovative teacher endeavor.
- The college authority would decide in consultation with the teachers how to conduct regular classes in blended mode from November 2021 when the college reopens.
- Chairperson informed all that college would provide personal Gsuite accounts to all teachers for smooth conduct of classes, meetings and evaluations.

#### Agenda 4

- Simplified software-based training programs would be conducted for office staff. These programs would be kept open for the participation by the non-teaching staff of other colleges too.
- Officials of Vigyan Chetana Bhavan would be visited by the members for conducting IPR workshops for the benefit of the teaching staff.
- E-content development training programs would be conducted for the teachers.
- New Foreign Language certificate courses would be introduced for the students.
- College would arrange for the training the non-teaching staff in use of Google Tools to equip them to perform administrative functions easily and efficiently.

**Minutes of online meeting with SACT, CNDV on 15.09.2021 at 8.00 PM on Google Meet Platform**

Meet Link: <https://meet.google.com/hzq-hppk-jcc> All members present.

Single Agenda: Discussion on conduct of Rashtriya Poshan Maah 2021 by the CNDV Department

It was proposed by Smt. Pratyasha Agarwal, SACT, Dept. of CNDV that the Rashtriya Poshan Maah 2021 be observed during the entire month of September by the Department of Clinical Nutrition and Dietetics in collaboration with the IQAC of the College. Several events were suggested by her. However, since the college was still in a lockdown situation all events selected would be conducted online.

The following events were tentatively selected -

- An intra-departmental student competition Webinar with presentations by students of the CNDV department
- Expert Talk on dietary needs of infants by Retd. Prof. Bela Bose, President of NGO Ekatma and on Medicine and Diet by Mr. Aritra Khan, Nutrition Educator
- Inter-college Poster-making Competition on the Topic - Combating Hidden Hunger
- Video Compilation by students on health benefits of Yoga, Kitchen Gardening and Career Prospects of the CND course

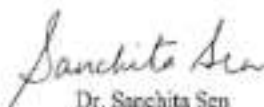

Smt. Agarwal said that she would contact all the external experts who would be required to assess the presentations and posters. She also requested the IQAC members to extend their help when required. IQAC members would be present in the online events.

**Minutes of IQAC meeting with Academic Audit Committee on 30.11.2021 at 11:45 AM in Room LT2**

Single agenda: Discussion on the conduct of AAA for the College for the session 2019-20

**Proceedings**

IQAC met with the teacher members of the Internal Academic Audit Committee to discuss the procedure of conducting AAA for session 2019-20. IQAC members discussed the metrics of Academic Audit and pointed out that these metrics would be the same as those applicable for filling in the Annual Quality Assurance Reports (AQARs) submitted by the institution for each academic session. Departments would need to comply. They would need to collect data as required. All supporting documents would be required. Both hard and soft copies of documents would be considered valid. Members of the Audit Committee would need to distribute the responsibility of checking all data of all departments conveniently among themselves as time was a constraint. The metrics were read out. It was decided that departments would prepare their reports tentatively by 14<sup>th</sup> December 2021 and submit the same to the Audit Committee for checking and evaluation.

Members of Audit Committee would complete the review, sign a report for their respective departments and submit to the IQAC. Shortfalls would be mentioned and departments would be made aware.

After all departments were evaluated by the internal auditors, IQAC would prepare a report of the AAA and submit it to the college authority. The report would then be placed before the auditors from the Governing Body.

## Minutes of meeting on 03.12.21 at 2:45 pm in Principal's Room

Agenda 1: Confirmation of minutes of meeting dated 09.08.2021, 16.08.2021, 31.08.2021, 15.09.2021 and 30.11.2021

Agenda 2: Discussion on the conduct of AAA

Agenda 3: Discussion on mentoring and feed back

### Proceedings

Agenda 1 - Minutes of meeting dated 09.08.2021, 16.08.2021, 31.08.2021, 15.09.2021 and 30.11.2021 confirmed.

### Agenda 2

- Process of result analysis for inferring on course learning outcomes discussed. Result analysis would be considered for batch of 2019. Score 60 and above would be 1<sup>st</sup> Class Honours and 40 to 59 would be regarded as 2<sup>nd</sup> class Honours. Score 30-35 would qualify as general only.
- For Academic Audit, all student related data on activities, research publications of teachers, Alumni contribution, Staff and Student welfare would be highlighted. It would be mandatory to provide the minutes of departmental meetings. For Administrative Audit information on staff, infrastructure and facilities and student activities were to be highlighted.
- Student facilitation in the period prior to the introduction of formal mentoring would be highlighted.
- It was resolved that Student Feedback Forums meant for the Student Satisfaction Survey must be anonymous. Required changes to be made in the existing frame. Hard copies of the same to be maintained. These feedbacks would be obtained as earlier done from the current last batch of students (admitted in 2019). They would now be Semester V students from whom feedback would be obtained at the end of Semester VI around May 2022. Cross subject feedback metric already included in the original form as student assessment of General subject teachers. Members suggested that a metric on student welfare be included but Chairperson opined that this metric would fetch widely varying responses.

### Agenda 3:

- IQAC members agreed that it was necessary to make further study on how to construct a mentoring feedback form to make one easier for the student mentee to respond.
- It was resolved that mentoring be started immediately with the current Odd Sem students of Semester I, III and V. Chairperson suggested that there be at least two sessions of mentoring in one semester. Guidelines of mentorship to be discussed in a Teachers' council meeting with the mention of previous IQAC resolutions regarding introduction of formal mentorship.
- Coordinator proposed that it would be convenient to merge mentorship sessions with tutorial periods.
- Mentorship feedback would be obtained from the current Semester V students in April / May 2022 when the same students would be in Semester VI with prior notification. It was proposed that tentatively one mentoring session for Honours students of Sem I, III and V would be done in December 2022 and 2 mentoring sessions for general subject students in January 2022.

Agendum: Discussion on Mentorship prior to its introduction in a subsequent TC meeting

### Proceedings

IQAC met to discuss the proposal of mentorship to be put in the upcoming TC meeting with a presentation on how to mentor. A broad outline of the methods of mentoring was chalked out which would include mentoring the students on - Academics, Life skills, Career skills, Social skills, Personality and Extra-curricular activities. Teachers would be informed that the IQAC had discussed the introduction of formal mentorship in previous meetings held both online and in the college. Teachers would be made aware that mentoring could not be formally introduced as the institution was in a lockdown situation and students were not coming to college and in-person mentoring was not possible. But that it had been previously resolved by the IQAC that mentoring would be introduced as soon as the college re-opened (Ref. Minutes of meeting dated 10.11.2020 and 09.08.2021). Now that the College had reopened on 16.11.2021, it would be necessary to introduce formal mentoring sessions for all current students of the College. Since students of different semesters would attend on different days in accordance with a blended mode of teaching, all departments would accordingly assign mentees to mentors (full-time teachers) to conduct mentoring sessions for both Honours students as well as the Generic subject students. Honours students would be directly mentored by their Honours subject teachers. Parallely, they would also be mentored by their respective Generic subject teachers. It was clarified that mentoring by generic subject teachers would ensure the working of a cross-mentoring system.

- Teachers would be informed that it was necessary to obtain a mentorship feedback from the students and this should be obtained from the last batch of students in an academic session. There would be two separate mentorship feedbacks - (i) an Honours mentorship feedback to be obtained from the last batch of honours students student at the end of Semester VI before the Sem-end exam begins. (ii) a feedback from Semester IV (even Semester) for Generic subject Mentorship after they had completed two years of mentorship by generic subject teachers. Current Semester V students would experience only Honours mentorship. Mentorship activities would then be duly included in the AQAR 2020-21. Departments would submit a comprehensive report of all mentoring sessions to the IQAC Student facilitation/counselling undertaken in the period prior to the introduction of Formal Mentoring would be highlighted in the AAA of 2019-20 and departments would prepare their own reports to be included in their profiles for the AAA. The same would be done for academic sessions 2015-16 to 2018-19. Departments would submit the data for AAA by 14<sup>th</sup> December 2021 to the Academic Audit Committee. Departments would select tutorial dates or other convenient dates for mentoring and conduct mentoring with proper notification. They would also send comprehensive reports to the IQAC form academic session 2020-21 onwards. Departments would be notified by the Principal to complete 1<sup>st</sup> Odd Sem mentoring for all honours and generic students by 23<sup>rd</sup> December 2021, prepare mentorship reports and send them to IQAC by mail. Chairperson of IQAC Dr.Karpha requested the teachers to complete at least one session of mentoring of all Odd Semester students (Honours and Generic) by 23<sup>rd</sup> December 2021. ## Minutes of Meeting on 19.02.2022 at 10:45 am in Principal's Room

Agenda 1 – Confirmation of minutes of meeting held on 07.12.2021

Agenda-2 – Discussion on different aspects of Academic & Administrative Audit 2019-20

Agenda 3 – To discuss completion of AQAR 2019-20 and submission

Agenda 4 – A.O.B.

### Proceedings

Agenda 1- Minutes of meeting held on 07.12.2021 confirmed.

Agenda 2 –

- The AAA of 2019-20 was reviewed. All departments had adequately furnished data on the relevant metrics. There was one common metric for which there was a shortfall in data and the metric was related to ex-student data. Members were requested to suggest methods for maintaining ex-student data on progression and placement. Dr. Arijit De suggested that a department-wise data collection base be created and google forms be used to for obtaining ex-student data on progression and placement. Dr. Karpha enquired whether a Facebook page could be opened for this purpose. Members discussed the inclusion of fields such as progression, placements, success in competitive examinations and such others with relevant document upload in google form. Members agreed that the internal AAA of 2019-20 should be compiled at the earliest.
- Members agreed that the college would seek the ranks obtained by students in final university examination for the years 2016-17 to 2019-20 for assessment of student performance and outcomes that would be relevant not only for the academic audit but also for the preparation of overall self-study report of the college.
- Members agreed about the necessity of continuing the academic journal of the college and that the Journal Committee would be requested to take up the matter of ISBN number of the existing journal- whether the existing one would still be admissible or that the college should apply for a new ISBN number for the academic journal.

Agenda 3 – The procedure to be followed for completion of compilation of AQAR 2019-20 was discussed.

Agenda 4 – Members discussed the necessity of meeting at least twice a week for completing the compilation of AQAR 2019-20 and for preparation of the institution SSR for the 3<sup>rd</sup> cycle NAAC accreditation. It was resolved that the members would meet as frequently as possible to complete the compilation of AQAR 2019-20 at the earliest.

Agenda 2 - Two-day National Seminar related discussion and resolutions

Agenda 3 - A.O.B.

### Proceedings

Agenda 1 - Minutes of previous meeting confirmed.

Agenda 2 - The College Librarian Dr. Sarana Das informed all members that the Raja Ram Mohan Roy Library Foundation (RRRLF) had offered the college a grant of Two and a half lakhs of rupees for a Two-Day National Seminar titled, "ICT-enabled User Driven Library Services - Issues and Challenges".

The following resolutions were taken regarding the Seminar -

- Chairperson suggested that the seminar be held in Rotary Sadan because of its proximity to the College
- Programme schedule discussed, revised and finalized by Dr. Sarana Das.
- Registration Fees would Rs. 600/-
- College Faculty would be allowed to register at lower fees of Rs. 300/-
- Students from all departments would be given the opportunity to attend the Seminar but on a limited basis because of paucity of seats in Rotary Sadan. It was resolved that only Semester VI students would be invited.
- Formation of different committees to take care of all aspects of the Seminar - Registration Desk, Decoration, Food, Certificates, Transportation, Printing, Photography, Felicitation, Logistics and such others.
- Other matters such as student volunteers, invitation letters, program brochure, banner, kit items, certificates etc. would be taken care of by other committee members were discussed and resolutions taken.

Agenda 3 - A.O.B.

- The tentative date for the lecture on "Gerontology" to be delivered by Sourabh Sarkar was fixed on 27<sup>th</sup> May, 2022. Document upload for AQAR 2020-21 would be in google drive links and departments would go to the relevant link of the matrix and drop his/her document.
- Assignments of faculty members would be compiled carefully.

Agenda 1 – Confirmation of previous meeting held on 13.04.2022

Agenda 2 – Discussion on postponement of National Seminar

Agenda 3 – A.O.B

### Proceedings

Agenda 1 – Minutes confirmed.

Agenda 2 –

- Coordinator proposed that all event dates be placed with the Teacher's Council before being finalized.
- Dr. Arijit De disagreed saying that some decisions have to be taken centrally (by the IQAC or the Principal) and need not be placed before all the teachers.
- Dr. Islam opined that it would be more appropriate to defer the National Seminar from 2nd May 2022 and 6<sup>th</sup> May 2022 to other convenient dates because the date was close to Id-ul-Fitr which would be celebrated on 3<sup>rd</sup> May 2022. It was pointed out by the Dr. Karpha that these dates had been initially fixed as per the convenience of the Governing Body President.
- Dr. Karpha informed that Prof. Kamalini Dasgupta had been already asked to keep the job order for flyer, brochure and invitation card on hold.
- Dr. Islam suggested that the college could apply for a bunch of ISBN numbers to be listed for availability during any publication affiliated to the college.
- Members proposed that the National Seminar dates be deferred to 23<sup>rd</sup>-24<sup>th</sup> May 2022 or to 30<sup>th</sup>-31<sup>st</sup> May 2022 and with deferment, the National Seminar be held for two days as per the requirement of RRRLF. It was resolved that the changed alternative date schedules would be conveyed to the RRRLF for their consent and approval.

Agendum – Discussion related to the postponement of National Seminar

### Proceedings

In continuation of the meeting held on 25.04.2022, the Chairperson and Principal Dr. Karpha informed all present that there was a confusion regarding the date of National Seminar. Originally the National Seminar was scheduled to be held for only one day and the event date fixed was 2<sup>nd</sup> May 2022. Dr. Karpha informed all that a few members had opined that this date would be inconvenient because it was just one day prior to Id-ul-Fitre, a National Holiday. Members had expressed their displeasure regarding the fact that the date had not been decided upon through discussion involving all the members and maintained that a change was certainly warranted.

After much deliberation, all members agreed that it would be convenient to defer the Seminar to the end of May 2022. Chairperson also informed that the grant being offered by the prestigious RRRLF was for a Two-day National Seminar and it was necessary for the college to comply with this stipulation. Thus, the members continued to hold the discussion on the probable dates on which the Two-day National Seminar would be conducted. The final dates decided were 23<sup>rd</sup> and 24<sup>th</sup> May 2022 and a second set of dates 30<sup>th</sup> May and 31<sup>st</sup> May 2022 were suggested as alternatives. 15<sup>th</sup> May 2022 was stipulated as the last date of submission of abstracts for the Seminar compendium.

## Minutes of meeting on 29.04.2022 at 2:00 pm in Principal's Room

- Agenda 1 – Confirmation of minutes of meetings held on 25.04.2021 and 27.04.2022  
Agenda 2 – Compilation of Minutes of IQAC meetings of 2020-21  
Agenda 3 – Discussion on metric-wise compilation of AQAR 2020-21 and required documents  
Agenda 4 – Discussion regarding method of document upload to be adopted

### Proceedings

Agenda 1- Minutes confirmed

Agenda 2 - It was resolved that coordinator would compile the minutes of IQAC meetings of 2020-21 as soon as possible and get them signed by teacher members and the Chairperson.

Agenda 3 – Coordinator informed the house that Criterion I had been partially completed. For unfinished metrics the following were to be noted –

Dr. Arijit De suggested that a separate Gmail account should be created for collecting documents on internship, project work, on-job-training etc for subjects such as CNDV, ASPV, CMEV, GEOA and ECOA. For metric 1.1.3 – documents of university assignments were to be scanned and sent to the IQAC mail by concerned faculty.

1.3.2 – the first page of the syllabus would be scanned and sent to the data folders created in new G mail accounts. Metric 3.1 would be taken care of by Dr. Islam

For 2.3.3 – notification on mentoring, list of mentor and mentees and mentoring report details would be required from all departments

Coordinator would do the editing in Metric 3.2.1, and finally required links to documents would be created. She would also edit metric 3.2.2.

3.1.4 – links to documents to be created by ASPV and ECOA departments

3.4.1 – Relevant documents to be provided by ASPV and ECOA

5.2.1 – relevant documents and other details to be provided by CEMA, CMEV, MTMA, ASPV, PSYA and PHSA

5.2.2 – Student progression compilation has been completed.

5.2.3 – Supporting documents would be required from departments

Agenda 4 - It was resolved that Dr. Saurabh Niyogi would create a new google account and set up a folder system for document upload for different metrics as required in Google Drive. He would share the relevant metric-wise folder links to all the departments. All departments would upload their documents according to the relevant metric in the folders. The folder links would then be uploaded in the online AQAR 2020-21 format according as required for the particular metric. For the benefit of the departments, Dr. Niyogi would conduct a demonstration on 05.05.2022 on how to upload the documents in the Google Drive folders.

## Minutes of the meeting held on 18.05.2022 at 11.00 am in Principal's Room

Agenda 1 - Confirmation of minutes of meetings held on 25.04.2021 and 27.04.2022.

Agenda 1- Opening the edit option provided by NAAC AQAR Review Officer for the submitted AQAR 2020-21 and required modification/addition

Agenda 2 - Discussion on Curriculum Design feedback

### Proceedings

Agenda 1 - Dr. Arijit De initiated the discussion by stating that the AQAR 2020-21 which had been submitted on 13.05.2022 had been opened again for edit by NAAC on 14.05.2022 and several rectifications/revisions would be necessary before re-submission of the same. Members indicated that the 'edit open' option indicates that some of the documents are to be signed by the Principal and posted in the website and the link uploaded in the online AQAR 2020-21 format. Hence criterion-wise listing of such documents would be necessary. The following was listed accordingly

#### ➤ Criterion I

1.3.1 - Data template to be compiled

1.3.2 - Required active link to the document to be posted in the certificate and signed by the Principal for upload and Coordinator would check the link.

1.4.1 - Relevant document to be signed by Principal and uploaded. Teachers' Feedback on Curriculum Design to be analyzed by the Coordinator.

#### ➤ Criterion II

2.3.1 - excel template, notices etc. to be compiled and uploaded.

2.3.1 - document to be prepared and uploaded.

#### ➤ Criterion IV

- It was resolved that a common certificate would be drafted and signed by the Principal indicating that there is no additional information to upload in quite a few of the metrics.

#### ➤ Criterion V

5.1.2 - attested documents of scholarships to be uploaded

5.1.3 - supporting documents on soft skill development initiatives to be uploaded. Institutional weblinks to be created and uploaded. Placement Cell report to be provided by convener. MGNCRE activity information to be provided by Coordinator. Psycho-social Support document to be printed and signed by the Principal.

5.1.4 - template to be uploaded by coordinator, video link of career counselling workshop to be provided by Placement Cell convener for uploading

5.2.2.1 - supporting documents of student progression to be uploaded. Coordinator to upload relevant PG admission documents.

5.2.3.2 & 5.3.1.1 - Coordinator to send request for documents to the HoDs.

#### ➤ Criterion VI

6.1.2 - Organogram to be signed by Principal and then uploaded

6.2.1 - Action Taken Report to be drafted separately and then signed by the Principal for upload. To include information such as Swayam-NPTEL Course enrolment, provision of personal Gsuite accounts to teachers, Library Orientation and list of webinars and special lectures conducted. It was indicated that a weblink for Quality Initiatives would also be created for uploading.

6.3.3.1 - Principal would issue a document certifying non-existence of academic staff college and human resource development centre in the College

6.3.4 - Coordinator to prepare the IQAC Report summary

6.5.3 - Link to Annual Report would be generated for upload and Accreditation Details filled in as required in the metric.

➤ **Criterion VII**

7.1.1 – Document on Safety & Security to be uploaded. Relevant document of the service provider NIS Management Limited would be scanned for uploading. The gender sensitization action plan document needed to be signed by the Principal.

7.1.2 – the KMC certificate of maintenance (e.g. waste and garbage removal document) to be obtained from college office. Geotagged photographs of washroom bins, floor bins and garden bins to be collected for uploading.

7.1.4 – geotagged photo of water tanks (college ground and roof top) to be collected for uploading

7.1.6 – Water Audit Report to be signed by Principal

7.1.7 – Principal Madam would provide a document certifying that the college has a wooden ramp and wheelchair facility to cater to the requirements of differently-abled students and that an elevator system is presently under construction.

7.1.8 – to upload photos of e-magazine, covid relief and YAAS super-cyclone relief work conducted by the students of the college.

7.2.1 – Anti-Ragging Cell and Internal Complaints Cell reports to be authenticated by the Principal before uploading

Agenda 2 – IQAC coordinator presented an analysis of the data on Teacher Feedback on CBCS Curriculum for the session 2020-21 obtained in Google Form. The following were the salient points:

- Majority of the teachers felt that the CBCS syllabus can be delivered within the stipulated time
- The ratio of percentage of teachers is 54:46 in favour of the fact that the CBCS curriculum can help the students to pursue the career of choice after graduation.
- Large percentage of teachers felt that the current CBCS syllabus is not quite comprehensible to weak students.
- 48 % teachers stated that the CBCS curriculum was partially life-centric, 22 % stated that the aspect was not relevant for their specific subject and 31 % found it to be largely so.
- Majority observed that the CBCS curriculum would provide flexibility in the use of ICT methods of teaching-learning.
- Majority agreed that it was possible to take added assignments.
- Only 3 % of the teachers were members of their respective Board of Studies (BOS).
- Majority of teachers stated that it was not possible for them to reach their respective BOS and give suggestions.
- 28 % of the teachers stated that college infrastructure needed improvement.
- There was a general positive response indicating that the CBCS curriculum is likely to assist teachers to develop e-contention platforms such as Swayam-NPTEL/MOOCs etc.

## Minutes of IQAC Meeting held on 16.08.2022 with the External Members

### Agendum: Self Study Report Submission and related discussion

#### Proceedings and Resolutions:

Members identified the requirements crucial for successful accreditation and suggested the ways and means to fulfil the same. Several suggestions were made by the external members and resolutions taken by all as follows:-

- College would seek clarification from NAAC helpdesk regarding the exact duration of the SSR and specify the period accordingly.
- A team should be built for SSR data collection and compilation. In this regard, the external members suggested micro-teams be built to work under each criterion coordinator.
- Heavy emphasis be laid on cross-mentoring (across departments) as it would be the appropriate process of mentorship. Members agreed to build mentoring teams for initiating the process of cross-mentorship. External members advised that geo-tagged photographs of the on-going mentoring sessions be maintained.
- HOI would need to sign the Mentors' reports on the demand-satisfaction ratio and upload the same in the college website.
- Mentoring resolution-related meetings be held and student-friendly actions be taken.
- Students be groomed during the mentoring sessions regarding their participation in the accreditation process.
- Appointment of a NAAC Coordinator would be desirable.
- Room measurements for each classroom would be taken as one of the SSR metric requirement.
- Student and guardian representation in the IQAC would be desirable.
- Statistics as a General Course be started at the earliest.
- Rooms with Room numbers be displayed in geo-tagged photographs.
- Internal and external academic audit shall be done.
- To have one open-air class, water harvesting, gardening, solar panel, and No-plastic Zone.
- Best Practices would need to be ongoing practices and the percentage of students benefiting from them ought to be considered. Provision of lunch box /one meal to the socio-economically challenged students of the institution was cited as an example of a Best Practice by Dr. Siuli Sarkar, Principal, Lady Bhabourne College.
- Best Practices - One student-related and one environment-related practice could be shown as two Best Practices of the institution.
- Some other practices admissible as Best Practices could be (i) psychological counselling of students"
- (ii) enrolment in Add-on Courses (of at least 30 hours duration).
- (iii) a fee-waiver system for the students

Gelsola Memorial Girls' College

- (iv) awareness drives for the students and staff for the development of environmental friendly behaviour
- (v) blood donation,
- (vi) social outreach and
- (vii) health and medical benefits to under-privileged students.

Internal members inquired whether the YWCA hostel provision - a collaborative effort for student aid could be shown as a best practice. External members emphasized that such practices would count as Best Practices if the monetary contribution against these were made by the faculty and not from the college fund.

- Alumni Association would organise endowment and commemorative lectures.
- Lectures and webinars organized by the Alumni would be considered as their academic contribution for the benefit of the college students
- All endowment prizes ought to be cash prizes and deemed as cash incentives to students. College prizes would also be awarded to the students receiving endowment prizes.
- The power-point presentation of the HOI should, along with college achievements and other college-related data, also present the comments and suggestions offered by the previous (2<sup>nd</sup> Cycle) NAAC Peer Team members and also the subsequent action taken by the college in compliance of the same.
- A steering committee could be created for SSR preparation and submission.
- Redress of students' grievances or sexual harassment and policy documents for all cells such as Counselling, Anti-ragging, Sexual harassment Cell and Placement Cell should be drawn up and uploaded in the college website, in the About Us section.
- Code of Conduct for Students, Teachers and Non-teaching staff would be put up in the website.
- Institutional Website be upgraded.
- College to participate in NIRF, ISO and any other quality enhancing process under a government organisation. Certificates/Reports obtained for any two of such processes be uploaded in the institution's website.
- Environmental Committee would be created to supervise green audit.
- Membership of e-Shodh Shindhu be taken.
- Activities of Departments and Cells would need to be uploaded in the website.
- Membership of Alumni Association would be made compulsory for students.
- Authenticated seal to be created.
- Departmental data would be collected through Google Forms.

Feedback

## Report on Student and Teacher Feedback on Curriculum Design

### Academic Session 2021-2022

The Feedback on CBCS Curriculum Design for academic session 2021-2022 was obtained through Google forms separately from the Faculty and the Students of Semester VI, the final batch of students. The data was analyzed by IQAC and the results conveyed to the Head of the Institution.

The questions put to the students included several aspects regarding whether the syllabus

- i. had topics that provided an overall idea about the subject
- ii. could be completed on time
- iii. was capable of enhancing skills and competencies
- iv. facilitated progression to higher academic study
- v. was able to generate interest in research
- vi. enhanced the capability of appearing in competitive examinations
- vii. helped in getting a job after graduation
- viii. helped in inculcation of universal values and ethics and in awareness about rights
- ix. had portions that involved team work
- x. had portions that would make students environment-conscious
- xi. design with scope for use of ICT tools to achieve curriculum outcomes

Responses were obtained through a Google Form and there were 281 responses. Analysis of the feedback revealed that on the whole, majority of the students had provided positive responses to the queries but there were some aspects that needed attention. A major percentage of students felt that

- (a) there was not enough time to complete the CBCS syllabus within the stipulated time of a Semester.
- (b) the topics covered would help in building an overall understanding of the subject.
- (c) the syllabus design was capable of enhancing skills only moderately.
- (d) the syllabus design generated interest for research only moderately.
- (e) the syllabus design was moderately helpful in preparing for competitive examinations.
- (f) the syllabus was not very much job-oriented.
- (g) The curriculum would be able to inculcate ethics and values.
- (h) The design could encourage students to work in teams and collaborate.
- (i) that syllabus should be made more conducive to the use of digital tools.

The Feedback provided by the Faculty through Google Forms for the academic session 2021-2022 was also analyzed and the results conveyed to the HOI. There were 64 responses.

Teachers' responses were obtained on general queries on whether the syllabus

- (i) could be completed within the stipulated time
- (ii) was compatible with changing socio-economic conditions
- (iii) enabled students to pursue a career of choice

Anupama 29/8  
Principal  
Kalaha Memorial Girls' College

- (iv) was comprehensible to weak learners
- (v) was life -centric
- (vi) would be able to inculcate values and ethics
- (vii) was flexible enough for the use of ICT teaching-learning tools
- (viii) permitted teachers to take up added assignments for students' benefit
- (ix) could be delivered with the available infrastructure of the College
- (x) was helpful for teachers to deliver on platforms such as Swayam NPTEL, e-Pathshala etc.
- (xi) A further query included was whether teachers had membership of the Under-graduate Board of Studies (UGBOS) and whether it was possible for them to provide feedback to the affiliating University regarding the CBCS Curriculum Design.

**Analysis of Faculty responses** revealed certain issues-

- a) 61 % teachers stated that it was possible to deliver the syllabus on time.
- b) 45 % stated that the curriculum would definitely allow students to pursue their career of choice while 55 % stated that it might, but only partially.
- c) 73 % stated that the syllabus was only partially comprehensible to weak learners
- d) 28 % stated that the college infrastructure needed improvement to allow teachers to deliver the curriculum effectively.
- e) Only 3 % stated that they were members of their respective UGBOS. As high as 52 % 38 % of teachers felt that it may not be possible to convey the feedback to the affiliating university regarding the CBCS curriculum design prescribed by it.
- f) 31 % teachers stated that it was possible to deliver the syllabus on e-platforms.

**Department-specific responses** on honours syllabus revealed varied responses regarding the syllabus designs. Some portions were identified as redundant while some others needed to be included. The general common opinion of all departments was that the CBCS Honours subject curriculum has a volume overload. It would not be possible to deliver the curriculum completely within the stipulated semester time.

### **Action Taken by the HOI**

The College is affiliated to the University of Calcutta and is required to follow and deliver the curriculum prescribed by the University. Hence, after careful perusal, the HOI conveyed both the student feedback and the faculty feedback analyses to the Departments and suggested that the findings be submitted to their respective UGBOS.

## Strategic Planning, Development and Implementation

The institutional Strategic/ perspective plan is effectively deployed

- Ensure quality in curriculum delivery and academic support for student success. Increase access to quality learning by facilitation of the use of innovative and effective teaching methods - provision of personal GSuite accounts to teachers.
- Enhance student-centred processes - identifying needy students and providing Free Studentship and Fee Waivers; disseminating information about available National and State Scholarships; scheduling classes to meet student needs; easy access to study material through College Website; conducting Library Orientation Programmes for students to promote use of e-resources.
- Organizational Efficiency - Assessment and improvement of all college operations, programs, and activities; make data-informed decisions to maximize institutional efficiency, integration, and effectiveness; Obtain feedback from student and teachers on the effectiveness of the curriculum design; introduction of formal mentorship to guide them in curriculum preparedness and future academic pursuits.
- Increase professional development for the entire staff through Lectures and workshops.
- Ensure effective and full use of financial, physical, and technological resources to support student-centric activities and utilize technology that best serves the needs of the institution.
- Enhancing social outreach and community engagement activities.
- Upholding the value system as per the vision and mission of the Founders of the institution with due attention accorded to environment-related issues.

The IQAC identified the requirements of academic and infrastructure development and of support facilities in consultation with the Head of the Institution. Execution of the plan projects and activities is facilitated by the Governing body. Several committees were formed to oversee the academic and non-academic activities to be undertaken throughout the academic session. All aspects of the admission process were deliberated on and decided months before the actual event. The Academic sub-Committee, the planning body of the college met at the beginning of the academic session and decided about the tentative dates of the observances and events. It also planned for student facilitation through arrangement of career counselling and socio-psychological counselling, particularly in the Covid period.

**The Internal Quality Assurance Cell (IQAC) contributed significantly for institutionalizing the quality assurance strategies and processes through the following programmes -**

- **Three-day Workshop and Training Programme on ICT tools** - organized in collaboration with Malda College, for the teaching and non-teaching staff from 02/07/2020 to 04/07/2020.

- Personal G suite accounts provided to all teachers for smooth curriculum delivery and administrative work.
- Library Orientation Programmes conducted for faculty and students to facilitate use of remote access of e-resources.
- State, National and International Webinars organized.
- Online feedback obtained from students and teachers on CBCS curriculum design.

### Departmental Audit

Overall assessment of departments was conducted on the basis of the data provided by the departments on all the relevant metrics adopted for the Academic Audit as per NAAC guidelines. As reported by the Internal Audit Cell of the Academic Sub-committee, all departments were found to have provided the required data, barring that for one or two metrics pertaining to the ex-student data on progression/job placements. However, departments were found to have made positive strides in recording the progression and placement of the last batch of students.

### Recommendations of the Audit Team

- To collect ex-student information on a regular basis through Google Forms
- To introduce Statistics as a generic subject
- To introduce a formal Student Mentoring System
- To revive the Research Cell
- To continue with the online stakeholder-feedback system
- To conduct more fruitful career counselling sessions, especially counselling pertaining to competitive exams
- To initiate Faculty-Exchange programs
- To undertake special measures for facilitating campus placements
- To collaborate with reputed institutes for the introduction of new certificate courses, e. g. foreign language courses
- To collaborate with institutes like IGNOU for introduction of distance learning
- To initiate industry-academia collaboration and partnerships, an important metric of NAAC accreditation
- To identify the locational advantages of the college and take appropriate policy

## ACADEMIC AUDIT 2021 – 2022

Academic Audit is an integral part of the dynamics of higher education to achieve and maintain academic excellence. It aims to document evidence-based information related to the quality of academic programmes. It encourages a culture of continuous evaluation and quality improvement with sustenance of best practices of the different academic programs.

The Academic Audit was initiated during the academic year (2021-2022) by the IQAC to evaluate the UG curriculum, teaching, learning methodologies and to ensure continuous improvement for quality assurance.

A faculty-driven model of ongoing self-reflection, peer feedback, collaboration, and teamwork based on structured conversation to improve educational quality processes in teaching, learning and evaluation.

There is a need to relook and review the curriculum, teaching, learning and evaluation methods. The statutory reports (NAAC, UGC or University) are not able to give a detailed and critical look at the curriculum, teaching, learning and evaluation methods. We know that the Higher Education scenario has changed dramatically. New teaching and learning methods are needed in order to make Higher Education relevant to the current times and to suit it to the world at large be it industry or the larger (Civil) society.

The audit serves to

- ✓ Provide a faculty driven process for a continuous improvement process
- ✓ Promote dialogue among faculty, students, and administrators
- ✓ Provide self-assessment based on quality principles
- ✓ Promote integration across programs and disciplines

The Objective of the Academic Audit are:

- To subject every department to external scrutiny.
- To update the curriculum, teaching, learning and evaluation methods.
- To make suggestions for improvement to the Departments for necessary changes.
- To achieve the goal of updated curriculum and revised learning and evaluation methods.

## **Methodology**

At the meeting with the Principal, Coordinator - IQAC, Members, faculties and other officials, a verbal presentation was made by the Principal which gave a general and broad profile of the facilities and activities of the College. The Audit team began their visit on September 27, 2022 at the College to visit the various departments and facilities, for brief interactions with the faculty of each department and the administrative staff. Visits to the laboratories, Computer facilities, the library and some of the other facilities of the College were accommodated in the schedule arranged by the College to enable the Audit Committee to acquire relevant first-hand information.

Based on the information gathered from the available documents and the interactions afforded with the different components of the institution, the Audit Committee has made a sincere endeavour to put forward certain views, observations and recommendations in the report with expectations that these recommendations, when implemented, will best serve the interest of the College as intended.

## **Profile of the College:**

**Gokhale Memorial Girls' College** is a women's college in Kolkata, established in 1938. The college offers undergraduate degrees and is affiliated with the University of Calcutta. The name commemorates Gopal Krishna Gokhale, one of the founding social and political figures of the Indian Independence Movement. Greatly inspired by his ideals and educational aspirations for women, Sarala Ray founded the Institution as a memorial to Gokhale, to serve the cause of education of girls in the country. She served it from its inception in 1938 till her death on 18th November 1961. A true educationist and believer in woman's emancipation, she nurtured the Institution from an Intermediate College of Arts and Science to a Three-Year Degree College. Under her able guidance, the Institution gained a wide reputation and lived up to the expectations of Gokhale and Sarala Ray. It is often regarded as one of the best colleges in Kolkata and among the top 5 girl's colleges in Kolkata.

## **Present status (2022-23)**

The college is having sixteen departments in Arts and science stream. At present there are total **forty-five (45)** full time faculties in teaching position. In this session, one is on lien, one left the job and another one has been retired. To meet up the shortages of teaching posts/position there are twenty-four (24) State Aided Contractual Teacher (SACT). The college is having one

- Community outreach and extension activities by inculcating social responsibility among the students and equipping them with skills and life values to face the challenges of life thereby contributing towards nation-building
- The Career Guidance and Placement Cell facilitates counselling and placement opportunities
- Majority of the faculty members are qualified with Ph.D. degree
- Forward looking and visionary leadership of the College authority
- Willingness of leadership for all round continuous quality improvement
- Enforcement of discipline in a fair and just manner
- Apolitical ambience of the College
- Committed and supportive non-teaching staff
- Students are disciplined and well mannered

**In general, the overall feeling of satisfaction on the part of stakeholders is a valuable strength of the Institution**

**Weakness of the Institution: -**

- Limited physical space is a major limitation of the college. This has hindered the construction of an indoor stadium, recreational hall and has also limited the expansion of classrooms, laboratories, seminar rooms and library reading rooms
- Though skill oriented professional courses are the need of the hour, inadequate funds have forestalled the opening of more professional courses
- Lack of sufficient permanent non-teaching staff to manage the workload and administrative responsibilities
- The stagnation in permanent appointments of non-teaching staff has affected the dynamics of the professional growth of the discipline
- Lack of laboratory demonstrators is another limitation in the academic front
- Lack of own hostel is a hindrance for attracting students from outside the city
- No full-time officer for placement – full time faculty given additional responsibility
- Rigid routines take over academic work
- Limitation – for inter-disciplinary course
- Lack of playground

- No lift facility
- One or two teachers are involved with research projects.
- Space for Canteen is not enough and the place of it is not proper.
- In some departments, number of students are very few.
- Lack of smart class rooms
- Lack of departmental office room.
- No separate IQAC room

#### **Institutional Opportunities: -**

- With qualified teachers and varied departments, there is scope and plans for interdisciplinary add on courses and research work.
- The addition of the new block which is under construction would facilitate opening of post graduate in some of the subjects.
- Students from Howrah and adjacent areas come to the institution opting for varied programs
- Well placed and highly qualified alumni of the institution are engaged in programs of career counselling, motivational and discipline specific activities and there lies wide opportunities in the context.
- The college despite having a small campus, tries to provide all the basic facilities for uplifting the academics that promises for better scope future
- The NSS unit of the college is very active and has hosted many programs for betterment of the students and nation building
- The college is a girl's institution which has always tried to encourage inclusiveness across language, economic diversities, etc.
- The College can easily raise the bar of its achievement if it takes care of Faculty and students exchange programme.
- Industry institution interface cell can enhance the quality of institution
- Collaboration with foreign universities for offering joint programmes can augment the status of this prestigious institution.

#### **Institutional Challenges: -**

- The introduction of CBCS promises to contemporize education with changing pedagogies but the restricted size of sanctioned teachers will hamper to fulfil the objectives of CBCS curriculum.

- Unavailability of playgrounds, indoor stadium facilities, auditorium poses great challenge to manage the co-curricular activities
- Managing funds for academics, co-curricular academics and extension activities is a challenge to the institution with requirement to appoint full time non-sanctioned and part time faculties and non-permanent office staff
- The placement cell of the college has initiated no. of steps to facilitate student's placement but this could be done in favour of few disciplines only
- The institution has taken initiative in making sufficient MoUs with relevant institutions for the greater benefit of the students
- As the college has always attracted students, the pandemic situation in last two years has led to a decrease in the enrolment, mostly due to less mobility from suburb areas to the city.
- Location of the college in a populated area, surrounded by buildings, main busy road and hospital is a challenge to maintain the safety and also the academic environment of the college.

#### Recommendations:-

- ✓ Faculty be encouraged to go for more minor and major research projects funded by UGC/ICSSR/TISS etc.
- ✓ Infrastructural facilities and laboratories to be upgraded with latest equipment including ICT.
- ✓ More thrust on IT in teaching-learning be given.
- ✓ Collaborations with formal MOUs with reputed institutions be made for faculty development.
- ✓ Degree courses under Science faculty be more energized
- ✓ Need of courses like animation and graphics, web technology.
- ✓ Coaching for NET/SET, recruitment tests on regular basis be commenced
- ✓ Augmentation in ICT, library and sport resources is required
- ✓ Faculty be encouraged to go for membership of different bodies
- ✓ The placement cell of the institution may be strengthened
- ✓ Outdoor sports facility should be increased
- ✓ MoU may be formed to enhance the student support facilities such as playground
- ✓ Alumni association may be formalized with updated records. The data may be made accessible to the current students to foster their academic progression as well as enhance employment opportunities

- ✓ Language lab may be introduced
- ✓ More faculties may be trained in using ICT facilities for teaching learning
- ✓ Internet facilities in the college is not adequate, it should be increased in more numbers
- ✓ Own hostel facility may be introduced for the students, not with other association.
- ✓ Separate reading room in the library may be introduced for the teacher and students
- ✓ Classes need to have white board and microphone.
- ✓ ~~The college may establish a language lab~~
- ✓ Research culture needs improvement and interdisciplinary research to be initiated
- ✓ Proper documentation is required for all activities
- ✓ Best practices of individual departments for various aspects need to be institutionalised.
- ✓ For effective delivery of curriculum, the course file to be assessed by IQAC
- ✓ Academic calendar to be prepared at department level following the affiliating University's calendar
- ✓ More students should be involved in the extension activities
- ✓ More collaborations need to be established for faculty exchange, students exchange, internship etc.
- ✓ More teachers should participate in FDP programmes
- ✓ Necessary initiative to be taken to fill up the vacant faculty position
- ✓ Online feedback system needs to be introduced.
- ✓ The college may be opted for autonomous status by arranging separate set up.

As a prestigious institution, it is a suggestion to arrange own land cum building to maintain its quality and reputation.

#### **Gratitudes -**

The audit members feel honoured and take this opportunity to express sincere thanks and gratitude to the College authorities for being invited to conduct the audit. They would also like to express their heartfelt thanks to all the faculty members and support staff for their wholehearted cooperation along with the hospitality that has been extended to them during the audit conducted on that day.
