

Our college has started its journey as a Local Chapter (**LC id - 910**) of SWAYAM-NPTEL, a MHRD initiative since January 2017 session.

SWAYAM is India's national online education platform by the government, offering free, quality courses (9th grade to PG) via video lectures, reading materials, quizzes, and forums, aiming for educational access and equity. NPTEL (National Programme on Technology Enhanced Learning) is a key provider on SWAYAM, initiated by the IITs and IISc, focusing on engineering/science/humanities courses, offering certifications for a fee after an exam. Essentially, SWAYAM is the portal, and NPTEL is a major content producer (coordinator) for engineering/science courses on it, both providing high-quality, free-to-learn materials with optional paid certification exams for career/academic credit.

On 14/01/2017 our college had jointly organized **“NPTEL Awareness Workshop”** for the faculties and Students. Dr. Mousumi Mukherjee, co-ordinator of IQAC and Mr. Biswajit Chowdhury, SPOC of LC conducted the programme. Mr. Shib Sankar Das, Network Engineer, Centre for Education Technology, IIT Kharagpur was the honourable speaker of this programme. The aim of this Workshop was to create maximum awareness about NPTEL and its various initiatives.

Our college organizes **“SWAYAM- NPTEL Awareness Workshop”** on a regular basis to encourage and motivate our students to enrol themselves in this programme under the supervision of the local chapter SPOC Mr. Biswajit Chowdhury.

It was a big achievement of our college for the first session of NPTEL online certification courses for the session Jan'2017 – June'2017. Our college has been awarded grade "A" based on performance as a local chapter. Also, we stood first among the UG colleges of West Bengal for that session.
